Don't Forget Me! Doggies Paradise

Overnight Dog Boarding & Dog Day Care Services

Don't Forget Me! Doggies Paradise is a dog hotel, resort and camp, all rolled into a great vacation destination for dogs. We provide Dog Day Care & Dog Boarding Services right in our own home, so we don't need security cameras to watch your loved ones, because we are always there in person (and we enjoy it too!).

We have explained everything we think you should know about our services below, but you can also visit our website (www.DontForgetMe.ca) or give us a call for more information.

Here are the basics of how we operate: Check-In & Check-Out times for current doggy clients only, 8am to 9am or 5pm to 6pm, and our rates are by the day. We offer discounts for longer stays & 10% discount for multiple dogs from same owner. In our cage free environment, there are no additional fees. Depending on the health and energy level of the dogs, they get at least two long walks per day along our 30 acres of private trails, with stops at the ponds. Also, during the day under our supervision we allow the dogs to go outdoors within our three large fenced in yards as much as they want to play with the other friendly dogs. At night the dogs are safe inside, and they can decide where they want to sleep (usually in their own dog beds, but sometime in our bed).

Health and Safety

Health

All doggy guests must be current (within one year) on their regular vaccinations (certificate must be shown upon check-in). We also require our canine guests have the Bordetella (Kennel Cough) vaccine. We do recommend that your dog be on a flea preventative maintenance program. No guest will be admitted without proof of vaccinations and if we discover they have fleas. For the safety and well being of all our guests we require that they be free of contagious diseases upon check-in.

Safety

During your dogs stay with us, it is at Don't Forget Me!'s highest level of safety. We do not accept any dogs that show aggressive actions towards other dogs or people.

Illness

Just as humans contact illnesses from being in contact with other people, dogs too can acquire "dog colds". At Don't Forget Me!, we do everything we can to prevent dogs from catching a cold, so please advise us if you think your dog may be getting a cold. We care a great deal about your dog while they are boarding with us and hate to see any dog come down with an illness while boarding or once they return home.

Emergencies

In the event of an emergency concerning your dog, Don't Forget Me! would take your dog to your regular veterinarian in most cases (as they are familiar with your dog and have your dog's history on file), but in time dependent emergencies, we will take your animal to the closest veterinarian we can get them to.
